

JOINING FORCES AND TRANSFORMING LIVES THANKS TO VOLKERRAIL

Railway Children has been protecting children around the world who are alone and at risk for 24 years. In that time we've had incredible support from across the rail industry and together we've been able to make a huge difference to their lives. Whether they are struggling to survive on the streets in East Africa, scraping together a living around the railways in India or using the UK transport system to run away from, or into problems – we've been able to reach over 320,000 of them and keep them safe.

THE #BIGSTATIONSLEEPOUT 2020 RAISED OVER £155,000!

VolkerRail played a massive part in that success. We could not have done it without the sponsorship of VolkerRail – and the fundraising it has brought us will genuinely change lives.

WE COULDN'T HAVE DONE IT WITHOUT THE SUPPORT OF THE RAIL COMMUNITY

Thanks to you we've been able to make a huge difference to thousands of vulnerable children, and our #BigStationSleepout event was another incredible example of what we have achieved together.

- 330 PEOPLE TOOK PART IN OUR SECOND EVER SLEEPOUT
- 9 DIFFERENT STATIONS HOSTED THE EVENT ACROSS THE COUNTRY
- THE EVENT WAS TELEVISED, BROADCAST AND WIDELY SHARED ON SOCIAL MEDIA

This made the event a huge success, raising far more than we event dared to expect...

THE TOTAL AMOUNT RAISED WOULD BE ENOUGH TO SET UP AND OPERATE A SAFEGUARDING PROJECT FOR A WHOLE YEAR AT ONE OF THE UK'S RAILWAY STATIONS WHERE THERE ARE A HIGH NUMBER OF CHILDREN AT RISK.

This money will help us follow up on the referrals British Transport Police pass to us when they find young people in danger on the rail network. We will be able to talk to them, their families and their schools and keep working with them until we know they are safe. Thanks to VolkerRail, we'll be able to be there for as long as it takes and until we know they will stay safe for good.
